

Architecture & Interior Design

DIVERSITY SCHOLARSHIP

Corgan is once again opening our annual scholarship program! This program helps the firm recruit diverse talent and build mutually beneficial relationships with academic institutions and their students, in addition to connecting on a deeper level with institutions with which we have an existing relationship.

A COMMITMENT TO DIVERSITY STARTS AT HOME — SUPPORTING THE NEXT GENERATION OF ARCHITECTS AND DESIGNERS.

Corgan is committed to celebrating and expanding our understanding of the diverse attributes that make up each of us. Our mission — create a sense of belonging for all employees in a workplace that is warm, welcoming, and allows everyone to be their most authentic selves. This sense of belonging fosters a culture that recognizes all employees and values the unique qualities that each person brings to our firm.

As an extension of this commitment, we are opening our annual scholarship program, supporting the next generation

of architects and designers. We aim to increase diversity in the architecture and interior design profession by supporting and recruiting diverse talent. We know that diversity is good for the economy — it improves team performance, drives growth, enhances employee experience, increases engagement, and results in better, more holistic design solutions.

Inclusion is the key to innovation.

4

scholarships available for the 2024 spring semester

\$2,500

plus a summer internship opportunity

Corgan's summer intern group in Dallas, Texas.

CORGAN ■
